THE WEEKLY STANDARD

The Argentine War.

To-day is regarded by Porteuos as an eventful turning-point in their local history. Nine years have elapsed, since the famous revolution of the "11 de Setiembre" drove Urquiza's power from this city, and changed the prestige of a Liberator into the odium of an oppressor.

During the past week, every day was expected to bring the news of a battle, but with the exception of some guerrilla encounters and slow marches, the courier gave absolutely no food for newspapers.

Strange to say, Mitro has displayed more activity than the Captain General who has been already long enough on horse back to have reached the Andes.

It is with sincere regret we notice some of the Tribuna lately arrived have taken the bounty, and this is a sufficient proof of how ill-timed was the sail expedition which was sent out here without the knowledge or advice of any well-informed countrymen in those parts.

not fail to inspire into his soldiers in the pithy harangue, "let us seek out the enemy, if they do not seek us." From past experience, we can safely conclude that the Federals rely on the impetuosity of their onset.

Notwithstanding the very different accounts given on both sides, it may be supposed that there is little numerical superiority and that each is equally aware of the real uncertainty of the issue.

The city outworks are now formidable, and with one half of Mitro's army added to the garrison, no South American army could attempt to batter them by assault.

Some excitement has been caused by letters said to have been written by Urquiza and Pedernera, inciting the Cacique Calfluerc to make incursions on this territory; the local press demands that the first named defendant be put on his trial, when captured (y), but as they have already promised him a ticket to Southampton, we think it an useless formality.

News from the interior provinces is scanty; we have the President's account of his honeymoon at Cordoba, addressed to the sovereign Congress and dated August 20th.

Cordoba reckoning on Urquiza's superiority, "has gone to his encampment to beseech his own re-instatement when the Captain-General shall have triumphed."

From Mendoza we learn that fresh shocks of earthquake had been perceptible; this may be a timely warning to the foolish inhabitants who are re-building their city on the treacherous site of their recent destruction.

In this city, the state of siege and great uncertainty of the turn events may take, has for a time suspended commerce, and excused us from giving market returns.

It is with sincere regret we notice some of the Tribuna lately arrived have taken the bounty, and this is a sufficient proof of how ill-timed was the sail expedition which was sent out here without the knowledge or advice of any well-informed countrymen in those parts.

The French packet which leaves on Saturday may be the bearer of important intelligence, for which purpose in case of hostile movements or a solution of the tedious Argentine difficulty, we will favor our readers with a special sheet by Saturday next.

Since Cadmus first invented letters or Guttenberg printing, human reason has never received such an insult as is contained in the Colaboracion of the "Tribuna" and entitled the foreign population.

Of late, insinuations have been rife in the local press that the foreign residents were partisans of Mitro; but now this has been found incorrect, and we must be forced to take part in a civil war that we view with abhorrence.

a civil war or cut the throats of Argentine citizens. It is true the "Tribuna" views Urquiza as worse than an Indian, but probably he returns the compliment, and for aught we know Senior Varela's scarp is quite safe, for the present.

The plain fact is, impunity has become impudense; and, much as we admire the liberty of the press, we should earnestly wish to see some check given to a popular organ that cries down the most useful part of our society, (namely, foreign residents), and may to-morrow demand our heads as it does to-day our arms with equal show of justice.

If the object of the "Tribuna" has been to gain the prestige of foreign favor, they have gone very badly to work, and produced a number of enemies. Many of us are inclined to believe that the lines referred to are rather the nightmare incoherencies of some juvenile poetaster than the insinuations of a party whose mouth-piece is Varela's press.

South America. New Granada.

Civil war is raging on the plains around Bogota. Between June 1st and 13th three battles had taken place; the federal troops were on every occasion worsted by the rebels.

The election of Perez would seem to augur a most auspicious future for this republic. In several departments the voting was unanimous, which indicates the complete public confidence enjoyed by the new President, whose inauguration was to take place on Sept. 9th.

Montevideo.

The mystery that involved the disappearance of D. Jenaro Pinciro has at length been cleared up. As was supposed the unhappy victim was foully assassinated along with his housekeeper in his countryhouse outside the city.

The government has ordered a corps of 200 men to act as an inspection in the frontier departments of Colonia and Soriano. The house of Serna had stopped payment. It is said a strong allied naval force remains in port pending the arrangement of the English and French claims, which may cause some difficulties with the sister republic.

Paraguay.

Data are up to 31st ult. After the reception of Doctor Lorenzo Torres as confidential agent of Buenos Ayres, D. Baldomero Garcia directed a note to the Government demanding explanations concerning said interview.

United States.

Latest news of the war.

The American frigate "Annie Bowen", arrived at Rio Janeiro Aug. 20th, has brought dates from New York up to July 19th.

Again we say, figures are facts, and whether it be the census of Jamaica or market returns, their publication makes them common property, and no paper can claim their paternity, unless they be a mere invention.

We therefore plead not guilty, and if a jury of sensible editors condemn us, we are ready to swallow our pen-wiper and digest the aspersions.

Latest news of the war.

The American frigate "Annie Bowen", arrived at Rio Janeiro Aug. 20th, has brought dates from New York up to July 19th.

Again we say, figures are facts, and whether it be the census of Jamaica or market returns, their publication makes them common property, and no paper can claim their paternity, unless they be a mere invention.

On the 17th the Chamber of Representatives passed the bill for a new tariff, which levies 3 per cent off coffee, and 10 per cent off tea; also 10 per cent additional on all articles taxed above 60 per cent it is supposed this will give a return of 35 millions import duties or double the present returns.

LOCAL EVENTS.

Wonderful rescues.—Captain Zulueta of the brig "Destino" picked up, off Cape St. Mary, a boat with eleven persons, including 3 women and 2 children, who had been wrecked in the "Win. Hyam" on Patagonia.

Wanted.—From the politeness of Mr. Posadas, a letter-box or office for newspapers at last hour. Since he has closed the Capitania and agencies, to periodicals, let him provide a substitute. He has forgotten the old proverb "don't throw out the dirty water, till you have the clean."

Assassination.—A youth aged 16 years was murdered, last week, in a puerria on the beach. The assassin, as too often happens in this country has escaped. He is supposed to be a fellow-countryman "Perita."

Bank interest.—By order, dated August 29th 61, the bank will pay 10 p. cent on deposits in specie and discounts same at 12 p. cent per an.

Treasure trove.—The capricious wheel of our lottery has turned out 50,000\$ for the shopman of Don Adolfo Wilkinson. The cronies of the "Tribuna" will be jealous as you are!

Funeral honors.—The usual church-rites were celebrated for the late Doctor Portela in St. Ignatius church the 31st ult. We understand it is the intention of the Medical Board and to publish a likeness of their distinguished co-fellow, as a testimony of respect towards his reputed worth.

Fire.—Last Saturday in the old custom-house, some of the tobacco became ignited but was speedily extinguished.

State of siege.—Our readers will find in another column that the city is declared in *asamblea*. The 11 de Setiembre is our political equinox, so we must look out for signals.

What's up.—Some speculators, said to be foreigners, were arrested last week for giving play to their lively imagination in circulating false reports about the Argentine campaign. In slang lingo, Spaniards call these stories *boles*, which is rendered in English rhetoric by *stunners*, *fizzers* or *coygers*.

Sisters of charity.—These excellent ladies only mindful of the necessities of suffering humanity have volunteered five sisters of the community to attend the hospital train which was embarked yesterday for San Nicolas, under the direction of Dr. Montecinos.

Criollano Marquez.—The sentence of this criminal is yet undecided; one justice condemns him to death, the other to ten years penal servitude. The appeal is pending in the supreme court.

The hos'lo floats.—The "Salto de Guayma" reports the National squadron anchored under the Rosario batteries. Ours was stationed at the mouth of the Pavon. Our former admiral Don José Muratorri has arrived from Entre-Rios.

Irish servants.—Any persons requiring farm-servants or household maids can apply at this office, or No. 48 calle Recoconito.

Tribunal of Commerce.—The election for the vacant dignity of consul in this corporation gave a return in favor of Don Agustín Drago.

Good example.—We are obliged to observe that a treaty of union has been signed by the republics of Chile, Peru, Ecuador has been agreed upon; now under the deliberation of Chilean chambers.

New pavement.—The kerbstone of St. Francis over which the "Tribuna" has so often tripped, is now quite smooth for thin-skinned journalists or bare footed friars. Calle Mayo is also under improvement; but the Plaza 25 still demands reformation.

Architectural order.—The Cathedral facade will soon look very pretty. The angels have their hair nicely brushed; it is said, that the columns will not be finished by the Tuscan or Ionic orders, but by the order of the Municipality.

E. G. Provident Assn.—We are authorized to state that the shares of the association will continue to be allotted to eligible members upon payment of 1g premium until the 1st of October inclusive, after which subscribers will only be admitted upon the understanding that their deposits bear no interest until after the declaration of the first half yearly dividend.

Supplement.—If any important news arrive in town before the sailing of the "Santonge," we will give a supplement, for the convenience of those who may send papers by the French packet.

Maritime items.—From Bahia we learn that eight ships wrecked passengers of the Portuguese brig "Paquete do Minho" from England to Buenos Ayres, reached the Island of San Jorge. The Oriental barque "Europa" from Genoa, entered Bahia terribly damaged, and was condemned. The Brazil S. was detained 12 days at Sta. Catalina, by stress of weather and had her rudder broken.

Comestibles.

In comestibles there have been no sales effected of importance since our last, and importers are as loth to do business as the almaceneros, who are now unable to meet their engagements with their wonted punctuality. Meanwhile stocks are rapidly increasing and will not be diminished until the settlement of our present political difficulties.

The official account of Stocks in the Custom House deposits on the 31st July has recently been published, we extract the following:
Bottled Beer nearly 11,000 barrels
Sugars 6,000
Dutch Gin 45,000 boxes

The arrivals of Coals during the week have been as follows:
Macdell from Liverpool 344 tons to G. Bell & Co.
Adventure from Liverpool 500 tons to Gas Company.
Raymond from Dublin, 225 tons to C. J. Gelling & Co.

The cargo per "Antonina" has been delivered to the Government at 19s per ton.
Cádiz salt is an article of little interest at the present moment.
During the year ending Aug. 31st the number of vessels that arrived in these rivers, with Cádiz salt was 161, conveying 428,007 fanegas or 67,065 tons.

Table of imports entered coastwise.
Week ending Sept. 1st.
