PROTRACTED QUESTION

It frequently happens that a trifling matter of politics suffices to embroil a whole kingdom or even several States...

The capital question in Buenos Ayres is somewhat similar, and the real matter at issue is lost sight of...

There is an advantage in these protracted questions: that they seldom terminate in a configuration, and though the political atmosphere is enlivened...

obscured. The bride is generally speaking the will of the law...

If we pursue our observations a little further we shall find that the crude in the country districts is generally speaking the man who has least to lose in case of a row...

It is said, we know not with what truth, that notwithstanding all the efforts of Messrs Acosta and Dominguez...

It is in the case it remains only for the Club del Pueblo to send down to each of the partidos a confidential agent...

Furthermore, it is essential that it be thoroughly explained to the people in the country...

As a general rule the people in the camp are all in favour of the Government, and by the very smallest exertion on the part of the caudillos...

Buenos Ayres is at last out of mourning for the King of Denmark, and people seem to have regained their wonted cheerfulness...

The weather seems at last about to break. Yesterday, in the morning, there was a great appearance of a storm...

We have seen the Papal question, which at one time seemed on the point of a violent issue, gradually pass from the stage of diplomacy...

Questions long protracted, like a bow constantly bent, lose their force, and evaporate. There is, therefore, much cause to trust that Slawick-Holstein will not be annulled...

Nothing can more thoroughly prove the root which politics have in this country, than the fact, notwithstanding the present lamentable state of the camp...

The charges against Gelly Obes for spending the public money, in support of Flores, have neither been retracted nor withdrawn...

A farmer called on us yesterday to say that in Matanzas and Storocho, the

camp are in the most shocking state of filth...

We are happy to hear, that on Mr. Cipriotti's estate, in Chascomus, the camp is in very good condition...

A sad case occurred the other day in Chascomus. An unfortunate fireman, who had been labelling a little too freely...

We have no news whatever from Flores; in fact, people are getting so imbued with the 'crudo' and 'cooido' wars...

On the 14th inst. about 3 p.m., in the street of General Brown, a man was slain...

We are indebted to the 'Tribuna' for the following:

On the 14th inst. about 3 p.m., in the street of General Brown, a man was slain after took place...

Nino, excited with drink, commenced leaning him with his rebuke. The Doctor, in self defence, seized hold of the Alcalde...

followers of J. Moreno, Chief of Rosas' policy...

But this is not all: the same day the alcohol met a neighbour, Juan Beruty...

We consider it our bounden duty to warn our newly-arrived countrymen against any delusions into which he may very easily slide...

1st. That when a Government, like that of Buenos Ayres, is wished to encourage foreign emigration...

2nd. That in this city of Buenos Ayres, which fondly calls itself the Athens of South America...

What has prompted us, on this occasion, to speak so seriously to the new arrivals...

SAVINGS BANK. BANK MAU&C.

The immense advantages of Accounts Current are now so generally felt, and appreciated in the E. O. great importance of the Bank of Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place the most confidence. The Bank of Mau & Co. in Montevideo has already provided for the working class in that city, as safe & profitable depository for their savings. The sums deposited in that most important institution are daily increasing and already reach a very large amount. These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, workmen & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness or old age, instead of spending them in the immoral gambling, in lotteries and in their trifles.

CONDITIONS. 1st. The Bank receives at interest any sum from Twenty five dollars currency or less at 4% per cent. 2nd. The interest allowed is at 4% per cent (6%) per annum which is liquidated every six months. 3rd. The depositor can at any time retire the whole or part of the money deposited. 4th. Once the amount deposited exceeds Twenty five thousand dollars currency or more, the depositor may have his name on an account current according to the rules established by the Bank. 5th. ENGLISH GRAMMAR SCHOOL, CALLE LARGA DE BARRACAS

Dr. Mr. Pongeraid, of the London University College. This Establishment, which from its foundation has been patronized by the principal families of Buenos Ayres, is an exact reproduction of an English School, where a sound commercial education is combined with the acquisition of the French and Spanish languages, is imparted to the pupils, and based upon the same system as in all first class European institutions of the kind.

An ever-watchful and constant superintention, and a strict maintenance of order and discipline, form a sufficient guarantee for the morals and behavior of the pupils, are carefully attended to. The different branches taught in the English Grammar School comprise the English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Religious Instruction.

Extra branches, such as Latin, Mathematics, German, Music and Drawing, are taught by special masters. The situation of the English Grammar School, in one of the most delightful Quarters of the Calle Larga de Barracas, at the very gates of the city, is one of the most beautiful and picturesque of the environs of Buenos Ayres.
