ON 'CHANGE.

The financial articles recently published in the 'Nacion Argentina,' in consequence of the violent attacks of the 'Tribuna' against Minister Elizalde.

The present state of the Casa de Moneda, as depicted by the 'Nacion' shows most clearly that we are all supporting an institution which in no other country would be tolerated.

We cannot credit the assertion, for we cannot believe that the men whose names we see figuring as bank directors would attempt to build up colossal fortunes at such a hazard to their own reputation.

It is any wonder that the public put little faith in the paper dollar, when that Bank which emits it, is said to be but a steam machine for making fortunes for the Board of Directors?

which appeared in yesterday's 'Nacion Argentina.'

The gains of the Bank, for the past year, is also commented on. It appears that, notwithstanding all the fiscal privileges, &c., enjoyed by the Casa de Moneda, it has not made in one year, half what the Maua Bank netted during the same period.

Patatoes opened to-day at 28 4/5, and closed at 28 4/9.
