SAVINGS BANK
BANK MAU & CO.

No. 103 calle de Cangallo.

BUENOS-AYRES.

The immense advantages of Accounts Current are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place the most confidence.

The Bank of Mau & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depository for their savings. The sums deposited in that most important institution are daily increasing and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness or old age, instead of spending them in the immoral gambling, in lotteries and other frivolities.

The Bank of Mau & Co. of this city following the example of their

No more Scab in Sheep.
Patented by Government.
General Store in Buenos Ayres at 25 CALLE BUEN OSEDEN.
Store at Villa Mercedes, of Messrs Knutz and Schaeffer.
Store at Tuyú, Establishment of D. Carlos Geyer.

The shearing time being now over the inventor of the Anti-Scab Specific for curing Cutaneous Diseases in Sheep, and all domestic Animals, begs to inform the Estancieros that it can never be applied to such effect as after shearing, when it not only cures the worst cases, but acts as a preservative against the disease.
The simplest method is bathing the animal, whether sound or affected, in the water prescribed by the instructions.
The specific has been already found an effectual remedy for Insects (Garrapatas). Numerous certificates may be seen, showing the high reputation of the Specific throughout S. America. Its low price places it within the reach of all, sufficient for 500 or 1000 Sheep. It contains no poisonous quality, and is sold at the above Depots.

ENGLISH GRAMMAR SCHOOL,
CALLE LARGA DE BARRACAS
Dor.—Mr. Pongereard, of the London University College.
This Establishment, which from its foundation has been patronized by the principal British families of Buenos Ayres, is an exact reproduction of an English School, where a sound commercial education is combined with the acquisition of the French and Spanish languages. It is imparted to the pupils, and based upon the same system as in all first class European institutions of the kind.
An ever-attentive and constant supervision, and a strict maintenance of order and propriety, are a sufficient guarantee that the morals and behavior of the pupils are carefully attended to.
The different branches taught in the English Grammar School comprise the English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Religious Instruction.
Extra branches, such as Latin, Mathematics, German, Music and Drawing, are taught by special masters.
The situation of the English Grammar School, in one of the most delightful quarters of the Calle Larga de Barracas, in the very gates of the city, is one of the most healthful and picturesque of the environs of Buenos Ayres.
For particulars apply for prospectuses at the Standard Office, Calle Belgrano 71.
