This Establishment, which from its foundation has been patronized by the principal British families of Buenos Ayres, is an exact reproduction of an English School, where a sound commercial education combined with the acquisition of the French and Spanish languages is imparted to the pupils, and based upon the best system as in all first class European institutions of the kind.

An ever-attentive and constant supervision, and a strict maintenance of order and propriety, are a sufficient guarantee for the conduct and behavior of the pupils are carefully attended to.

The different branches taught in the English Grammar School comprise the English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Penmanship Instruction.

Extra branches, such as Latin, Mathematics, German, Music and Drawing, are also taught by special masters.
