BUENOS-AYRES.

The immense advantages of Accounts Current are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one of the Banks in which they place the most confidence.

CALLE LARGA DE BARRAOS
Under the Management of the London Public Society College.

This Establishment, which from its foundation has been patronized by the principal British families of Buenos Ayres, is an exact reproduction of an English School, where a sound commercial education combined with the acquisition of the French and Spanish languages is imparted to the pupils, and based upon the same system as in all first class European institutions of the kind.

An over-watchful and constant supervision, and a strict surveillance of order and propriety, are a sufficient guarantee for the morals and behaviour of the pupils are carefully attended to.

The different branches taught in the English Grammer School comprise the English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Mathematics Instruction.

Extra branches, such as Latin, Mathematics, Grammar, Music and Drawing, are taught by special measure and according to the wishes of the parents.

The situation of the English Grammer School, in one of the most delightful quarters of the Capital of Buenos Ayres, at the very gates of the city, is one of the most beautiful and picturesque of the environs of Buenos Ayres.
