DESCRIPTION TO THE STANDARD... \$30 PER MONTH... ADVERTISEMENTS...

TO CORRESPONDENTS... No notice can be taken of anonymous communications...

The Standard... All facts... Thursday, April 7, 1864...

THE NORTHERN RAILWAY... Our attention has been called to a most unjustified and unfounded article...

Now this is exactly what most of all vexes Argentines... Mr. Henry Zimmerman are easily explained...

Yet the 'Nacion Argentina' with great tenacity asserts that the men of the company were driven in to the hustings... We have again Captain Harrison's rebutting evidence...

That Mr. Zimmerman has created personal enemies by refusing on a former occasion to lend his name for election... We have no doubt...

The 'Pueblo,' a new journal apparently created only as an organ for the Coedo candidate of the Club Pueblo... has nine equities in Zimmerman's number...

There may be complaints against the Northern Railway... but we are confident that the director and his subalterns are efficient and gentlemanly...

DISTRICTS OF MERCEDES AND LUXAN.

The two partidos we have chosen for to-day's review are among the chief head-quarters of Irish shop-farmers... Mercedes is set down in page 4 of the Contribution report...

The 'Prensa' has an article 'Evil days,' commencing with the demise of two young ladies, Anacleto Bero, and Alicia Mendoza...

Mr. Hopkins' project for building bonded stores, at the Bajos de Catalina near the Gas-house, has not, it seems, been abandoned... We read that Messrs Peter Bence and Samuel Rodriguez have proposed to the Minister of Interior...

The return for Luxan, wonderful to relate, agree in page 4 with the Commissioner's report, the extent being 38,100 hectares... The six Irish shop-farmers are: Olivera St. Alarcos, 24, Blas and Gonzalez each 14, Peter Han and Cruz Ocos each 14 hectares...

When we take into account the large properties belonging to Irishmen of Mercedes and Luxan, in stock, and how many are wealthy farmers though not on the privileged roll of those who pay Contribution Directa... we may fairly conclude that Eight millions of dollars in landed estate represents only a tithe of their riches...

As yet we have no tidings of M. Caumartin. It seems that a week ago he spoke to a friend in the Club, of his desire to commit suicide... he could only muster up the courage...

Mr. Hopkins has sent us his prospectus and extracts from the leading London journals, touching the B. Ayres Bonded Wharf and Transit Co. capital \$200,000...

We learn from Byron and other parts that the rain has been very heavy in the North camp, several arroyos being now impassable... Similar accounts reach us from Landa, Orizaba where the streams have not been so swollen for many years...

A ludicrous accident happened to the passengers per Salto on Sunday. Owing to the gale, the steamer put into the Bay, and was obliged to anchor... they had come on foot to San Fernando; moreover they were not permitted to take my luggage...

Since the commencement of the American war everything seems to be turned topsy-turvy... The most extraordinary events—if we may believe the Argentine newspapers—are daily taking place... At one time an exploring party starts from Copiapó for the North-West...

Scientific men say that, at the present consumption, the coal fields of Great Britain will last for several thousand years; but that must be a mistake, as the English are already importing fuel from India... The Board of Trade would, no doubt, like to see this vessel bound from Calcutta to Liverpool...

The lessons of adversity are unpalatable, but they are commonly beneficial... We believe the bitterness of their past experience has not been lost upon the population of South America... There are a few of the republics peculiarly subject to political eruptions...

In Constantinople, at mid-day, there is distributed a paper, written by hand or lithographed, called 'Tevhat,' which contains the despatches of the day, and which is a kind of London 'Gazette'... The editor is an Englishman, born in Turkey...

The 'Tejman Alhavi,' the great sensational newspaper, is one of the new periodicals, and is very popular... It is edited by Agahian Effendi, Postmaster-General, and by Refik Bey Agahian-effendi is a Turkish Huslani Hill, and belongs to the Liberal party...

The 'Favzeri Ekrin,' or 'Mirror of Thought,' is another new and very fashionable periodical... It is published twice a week, and is literary and scientific in its character...

The Nation of yesterday contained an important article by the intelligent manager of the Bata, Mr. Hon... on the financial condition of the republic... The matter of such vital interest that it is necessary to use an Argentine phrase; to ventilate it, instead of raising about it...

The prospectus has been issued today of the Buenos Ayres Bonded Wharf and River Transit Company, with a capital of \$200,000 in 15,000 shares of \$20 each...

book-ellers in general are not allowed to sell newspapers in their shops... It is now two years since Mr. Churchill introduced the system of selling periodicals in shops... Buenos Ayres is likely to have a taste of the same disease...

ENGLISH GRAMMAR SCHOOL,
CALLE LARGA DE BARRACOS.

Don Mr. Pongeraud, of the London University College.
This Establishment, which from its foundation has been patronised by the principal British families of Buenos Ayres, is an exact reproduction of an English School, there a most complete and efficient combination with the acquisition of the French and Spanish languages is imparted to the pupils, and based upon the same system as in all first class European institutions of the kind.
An ever-extended and constant supervision, and a strict maintenance of order and propriety, are a sufficient guarantee for the moral and intellectual of the pupils as carefully attended to.
The different branches taught in the English Grammar School comprise the English, French and Spanish languages, History, Geography, Arithmetic, and Book-keeping in all its parts, Writing, and Italian, and other branches.
Extra lectures, such as Latin, Mathematics, Grammar, Music and Drawing, are also taught by special masters.
The situation of the English Grammar School, in one of the most delightful Quarters of the Calle Larga de Barracos, at the very gates of the city, is well, the most beautiful and picturesque of the environs of Buenos Ayres.
