THE FLORES BANDETS. A band of 80 men, well armed and equipped, under the command of a retired officer of the Buenos Ayres army...

The Chief of Police good soul, laughs at the recdly of people who read the Standard. President Mitre has his concerns of state to look after in town...

It is most disgraceful and unfortunate that a small army of freethinkers should establish itself at the gates of our city, and that both the National and Provincial Governments should be powerless to repress them.

Last month six notorious murderers escaped from our city prison, and are probably now a part of the Flores bandits. A week later it was found a great hole had been bored in the wall...

Mr. Flower is rotting in prison, for having shot a gaucha after the ruffian had stabbed him. Months and years will pass over, but Habes Corpus does not exist in Buenos Ayres...

- 1. Man murdered on the Caballito road. 2. Two milkmen stripped near Flores. 3. Two extorters dismounted and robbed. 4. St. Rita's quinta fired into. 5. St. Rita's quinta attacked. 6. Dr. Egüia, chased near Flores. 7. Gentleman and wife robbed. 8. Man waylaid at Almagro. 9. Two boys robbed of hides.

A TALE OF BLOOD

If our readers will, for a moment accompany us to the Carcel, we will unveil to them one of the most hideous tragedies and its hero, that has occurred since murder set its grey stain upon this country...

About two years ago, a squeaky girl was employed on an estancia in a few leagues south of this city, and it chanced one night that the owner was absent, and only the capataz to keep her company...

Subsequently, it was ascertained the strange visitor had just fled from Lolos, after committing two heinous murders, and took himself to the Fortin de Areco, his native district...

The assassin called out, with the knife dripping blood, the girl rushing from the door to raise an alarm. An officer, with two soldiers, happened to be in the town, and he at once sent his men in pursuit...

Last month six notorious murderers escaped from our city prison, and are probably now a part of the Flores bandits. A week later it was found a great hole had been bored in the wall...

DETENTION AND RELEASE.

Mr. Flower is rotting in prison, for having shot a gaucha after the ruffian had stabbed him. Months and years will pass over, but Habes Corpus does not exist in Buenos Ayres...

On yesterday the prison doors were thrown open to a deperate character, who stabbed the German ostrich-egg seller, some months ago...

We believe the alcalde and his gang

whom Burnengo accused of shooting at and wounding him, for refusing to sell two dozen of beer on credit, were all suffered to go scot-free, without trial. Nay, they are still, as we learn, guards of public tranquility.

God! and this country claims to be civilized. No wonder we have all the maledictions of Heaven daily and hourly afflicting us...

EDITO'S TABLE.

The barque 'Jil-lan' is at last almost discharged, only about one ton of coke being now on board. The 'Luz' suit still goes on, the vessel being now 132 days in port.

Mr. Wells (improperly called Janks by the native papers) will exhibit his balloon in Colon theatre on Sunday admission 45. It is 40 feet high, 120 in circumference, containing about 9,000 cubic yards, and made of 9,000 yards of the finest Irish linen...

We have been requested to do an act of justice to the rebels of 'Tanda Onda' by testifying their generous assistance to save the cargo of the Royal Dane, wrecked near Cape St. Mary...

There are stories current about towns respecting the late shipment of arms on board the Salto, for Flores' troops. It seems the Englishman, Mr. Oliver, first-vice of the city procured large military supplies and landed same at Fray Bentos...

On last Sunday night some gentlemen in the Plaza Victoria were shocked at a repetition of those police outrages in our public thoroughfares. An unfortunate foreigner was fearfully cut and lacerated by the fellow's sword...

On Thursday evening a gentleman was conversing with some friends on the Male, when three fellows came close and one of them attempted to pick his pocket. Catching the ruffian in the act, he was not so foolish as to go in search of a policeman...

Yesterday, the 'Tribuna' of our city

complains that a letter-box, which was placed in its office for the benefit of anonymous correspondents, is filled with documents threatening murder, arson, turning the press into the street, &c.

We, ourselves, have received an intimidating epistle from a person in the camp, and the following is a copy: "If you don't get your valuable newspaper the 'Standard' for two weeks..."

There is no protection for editors! To prevent surprise, we have stationed two boys at the corner of the street, in order to warn us of the approach of any fierce-looking school-boys...

THE NEW MUSIC-HALL.

On yesterday the contract between the committee and architect was signed, for the construction of this projected theatre, so much wanted in Llanos Ayres. The final arrangements were agreed to at a meeting in the Bolsas, on Thursday afternoon.

The Music Hall will cover a superficies of 950 feet by 42, and hold from six to eight hundred seats. The architect, Messrs. Hunt and Schroeder, are well known for several splendid edifices which they have adorned our city...

NEWS FROM RIO NEGRO.

The commander in Mercedes has proposed to supply the garrison with beef, yerba, tobacco and sugar, at a lower price than the huxters' charge. Up to the 7th inst. there was little of importance in the quarter of Rio Negro.

To-night the Lyric will perform 'La Sirena' at Colón; the opera is new to our public, and we believe will prove a success. It is said the God, Lazana has given a similar forlough to his Colonial division, fatigued by his late military labors.

BARON MANA'S STEAM NAVIGATION OF THE RIVER AMAZON.

Though subsidized by the Imperial Government, the career of this company was for some years far from being prosperous, and the perseverance which has been displayed in overcoming the serious obstacles which from time to time have opposed themselves to the successful prosecution of its operations...

STATE OF ALABAMA.

A few days ago we mentioned that 'ariego,' the editor of the 'Crucigüya,' had published an article in his own paper, informing his respected subscribers, and the public in general...

viz, a line of steamers to ply from

the capital of the province of Pará to that of the Amazon, and another to ply from the last-named place up to the port of Nauta, in the Republic of Peru.

A new contract came into effect on the 1st day of January, 1863, the service of the company was inaugurated by the steamer Marajo, expressly constructed at the Point d'Are, in Rio de Janeiro, under the command of a distinguished officer of the Imperial navy...

On the 12th of April 1862, three more lines were created by virtue of a contract with the Government of Pará, for the steam navigation of that province, viz, a line to Caracas, a second to Itacama, and a third to Soane.

It would appear from the report of Baron Mana that the number of passengers conveyed up and down the Amazon by the steamers of the company during the last ten years has been 39,242, the revenue from this source for the same period amounting to £45,587 sterling.

FRAUDULENT TRADE MARKS.

Importance being attached by the commercial public to the protection of the names of the various brands, it is respectfully intimated, it is of interest to notice that an interlocutor has been obtained in the law courts of Germany, by Messrs. J. and H. Tennent, the well-known brewers and bottlers, of Glasgow...

How (not) to Enforce Emigration.

England on one memorable occasion expected that every man would do his duty; not was the disappointed, the result showed. President Mitre, who expected that 50,000 emigrants will come to this country, which proves President Mitre to be of a sanguine and confiding disposition...

CULINARY DATA.

The American Minister-at-War has published the following strange particulars of the war stores accumulated in the present struggle. 1,570,278 muskets and infantria rifles carbines, 327,170 cavalry carbines and pistols, 271,817 cavalry sabres, 17,152,800 lbs of lead musket bullets, 2,274,450 artillery cartridges, 378,537 lbs musket, carbine and pistol cartridges...

Another Outrage at Flores.

An officer of the line was attacked, on Thursday, by three of the banditti, and robbed of everything he had: this happened at 2 o'clock in the afternoon, near the Rivadavia Quince, Calle Arca, Flores.

LOCAL EVENTS.

Dull in Moron. To-night there is to be a grand ball in Moron, to be held in the saloons of the Municipality. We would advise any gentlemen going there to provide themselves with a small collection of slappings, as the roads are anything but safe, and the police are likely to be stripped of their ball costumes.

Church Festival.

To-morrow there will be a grand festival in honor of Nuestra Señora de la Misericordia. A sermon will be preached by Señor Feliciano Moro, and in the afternoon there will be a procession in the streets proceeding from that church.

Thunderbolts.

These meteoricalities seem to have been going loose on Sunday night, for besides those we mentioned previously, another fell in the quinta of Señor Leleche in San José de Flores, but did no damage.

Markets.

On the 7th inst., the following produce has entered the various places of this city:—Cowhides 814, herrings 97, sardines 182, sheep 514 dozen, hares 61 arrobas, feathers 24 lbs, mares' grease, 33 arrobas, mutton 30 fanegas, of wheat 200 do, mutton 3000 do, firewood, 10 cordons.

Electricity.

Like Holloway's Pills, electricity, of late, been bestowed upon a panacea for all ills, the flesh is heir to, and the guardians of the Church of San Telmo have determined upon trying its efficacy on a large scale. The lightning conductor of that church is broken, and such a number, that should it be struck by lightning, the electric fluid will descend to the public Eye Hospital, and it will be a case of kill or cure with the patients.

Good Suckler Railway.

We notice the arrival of a large consignment of railway material including 122 wagons and 2 engines, for the Good Suckler Railway, and it is interesting to notice that an interlocutor has been obtained in the law courts of Germany, by Messrs. J. and H. Tennent, the well-known brewers and bottlers, of Glasgow...

Deputies to Congress—The Provincial Chambers have ratified the election of the Cochilo candidates: Sr. Manuel Campo, Marcelo Ugueto, Emilio Conesa, Francisco Bernaldo, José M. Gutiérrez, and Juan Ching-ang.

Another robbery On Tuesday, at 5.30 a.m., a rufian was found to have broken into the house of 245, Calle Uruguay. The police quickly succeeded in disarming him in a two-edged blade, and took him in arrest, but it seems there was no more about the matter.—National.

of CHANGE. April 8. Patatoes sold 272,043 First price 29 05 99 Following 29 05 99 Saturday 9th April 29 05 99 Various dates 29 05 28 76 Closing price 29

Specie still looks downward; potatoes to-day opened and closed at \$29 but were sold for the end of the week at 28.95, and the tendency is evidently to fall. The non-arrival of the U.S. steamer from Liverpool, 10 days overdue, causes surprise, but the Stella will probably bring news to-morrow. There is a difference of opinion about the alleged robberies in the suburbs: some think the accounts greatly exaggerated, and it is even said that Sr. Herrera privately contradicts the statement of the *Noticia Argentina*, that his quinta was fired into. The French merchants also contradict our report about Camusarin, and say that nothing whatever is known of him, but he is supposed to be still in B. Ayres. The Music hall was not much spoken of, but by way of musical information a friend requested us to inform the Portenos that Minc. La Grúa has been engaged at Covent Garden. The news of rain in all quarters of the camp was well received. We were asked, by several, whether the National Finance Minister is really going to turn any surplus currency, but the question is difficult to answer. The only freight express is that by Messrs H. A. Green and Co., of the Dutch Brig Comedia for Antwerp, bales 20s. & 5 p. The Metcay is expected to arrive on next Wednesday.
