1865 REPTION TO THE STANDARD... ADVERTISEMENTS.

TO CORRESPONDENTS. No notice can be taken of anonymous communications.

The Standard.

All that is said in this paper is authorized... THURSDAY, APRIL 14, 1864.

SAITO, ROSAS, & PERGAMINO.

The parties of Saito is set down in the general table as of 99 leagues extent, but the commission limits it to 84-1/2 of this number a large portion consists of public lands, only 60 square leagues being assessed for Contribution.

Mr. Palliere the friend and companion of our talented and lamented countryman, Sheridan, proposes to start a Monthly Album, which we are sure will become a favorite in our drawing-rooms.

On a morning night we shall have the Barriere de Seraglia in Colon. Who will not go to hear Mollo as Rosina?

ROSARIO.

Srs. Calzadilla and Beare, acting for Messrs. John Arvid and Son, of London, have entered into a contract with the Rosario Municipality for lighting that town with gas.

EPITOPIC TABLE.

The non-arrival of the Blzsey has left us very slack of news. We may, however, count upon her coming into port this morning.

FINE ARTS IN BUENOS AIRES.

The Athens of South America is often reproached with a want of taste for the fine arts, and it is said that a cargo of masonry or Welsh coal is a safer speculation than the fine works of Roman or Florentine studios.

and there was ten times more bloodshed than in the famous Geribaldi riots at London, last year.

The new Governor for Entre Rios is already decided on. Don Teofilo Urquiza is to succeed his heroic father, and we have no doubt the cause of order will continue in full force.

In the burglary line we have the pleasure to report unusual briskness of late, in the city of Maracaibo.

On a morning night we shall have the Barriere de Seraglia in Colon. Who will not go to hear Mollo as Rosina?

We learn another shocking murder has been committed on the person of a foreigner in the Banda Oriental.

Messrs. J. P. oynd and Co. advertise, in another column, that they will steam out of port for Liverpool, on or about the 3rd of May.

ROYAL GEOGRAPHICAL SOCIETY.

Navigation of the Amazon. Monday, Feb. 8th, Sir R. Marchmont in the chair.

Mr Bates, author of the "Naturalist on the Amazon," (having been called upon by the chairman), said he was not able to speak very much about the province of Loreto, but thought he might perhaps be able to give the meeting a taste of information.

ELECTION RIOT AT S. NICOLAS.

On Sunday last (10th) the Municipal elections were held here. At an early hour some thousands of persons assembled in the plaza; it soon became manifest that party spirit ran high.

(principally Italians) were on this occasion Ordo inclined. At eleven the polling commenced, and shortly afterwards the place became one mass of confusion, knives and facings were freely brandished, bricks were thrown by the dozen, and a few harmless pistol shots exchanged.

Mr. Wallace next addressed the meeting. He remarked that he did not know a great deal about Peru, though he had ascended the Amazon for about 1,000 miles.

OUR DIPLOMATIC RELATIONS WITH BRAZIL.

Some strange complications appear to have arisen in this unpleasant business. The speech of the Emperor of Brazil, on opening the Chambers, and the few words of explanation in the British House of Commons are at variance, and it is difficult to say who is at fault.

PARANA.

From Parana there is nothing of any consequence whatever. The *Aloraj* is perfectly barren of news, and the only thing mentioned in it is a new, a-*per* direct denial on the part of Col. Ibarra of his having received orders from Urquiza to assassinate the patriot Carrizgo.

THE FOUNTAIN OF YOUTH.

When Ponce de Leon, the hero of the Conquest of Granada, set sail for the New World, at the beginning of the sixteenth century, he was buoyed up with the hope of finding the fabled fountain of youth, which was to restore old men to vigor and prevent the young from growing old.

celebrated pills and ointment, remedies for nearly all diseases that man is subjected to, and which, if taken in season, are sure preventives against them; and freedom from disease is what the most sanguine can hope for.

It was impossible for any person present to ascertain the state of the poll, as the continual shouts of "Down with the Graces," "viva las Caudales," prevented all possibility of gaining any information.

A VOYGE FROM PAVON.

To the Editor of the Standard. Sir, As the columns of your widely circulated journal are ever open for camp news, no matter how trifling, I beg to occupy a corner therein with a few rural recollections.

LOCAL EVENTS.

Colton Gins.—We notice by the Ferro Carril de Rosario that Consul Hutchinson has had a box of eleven useful instruments for sale; the machines are all put up in working order in a store near the Consulate.

Perhaps in no part of the world have these medicines obtained more fame than in Turkey and Syria. Pilgrims are employed to travel thousands of miles by agents established by Holloway at Constantinople, Alexandria, Beyrut, Tunis, Aleppo and various other towns, and who preach, if so the term is, the benefits to be derived from these medicines.

It is difficult to ascertain which party has been the aggressor—the crusade blame the Caudales, while the latter assert the Crusades seeing small hopes of their getting considered in better terms, to make an attempt to carry the poll by storm.

A PILE CONVENTION.

Let every man and woman in the world who suffers with piles reflect and trace back the origin of their difficulty, and it will be found that nine out of every hundred have taken large quantities of drastic pills for the cure of Constipation, Indigestion, Constipation, &c.

The Tablet.—A very comprehensive little treatise on the teeth has just been forwarded to us by the well-known dentist, Messrs Gabriel. Adopting the language of the preface, we may say that in this important treatise, at a time when the prevalence of this kind are numerous, a short, unassuming treatise, emanating from a firm of long standing, containing nothing but the best of the latest science to the purpose, will not, we believe, prove unacceptable.

SAVINGS BANK
BANK MAU&C^o
No. 103 calle de Cargallo. —
BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt, and appreciated in the few great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place the most confidence.
The Bank of Mau & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depository for their savings.
The sums deposited in that most important institution are daily increasing and already reach a very large amount.
These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of next sickness or old age, in lieu of spending them in the intemperate gambling, in lotteries and other frivolities.
The Bank of Mau & Co. of this city following the example of their friends in their neighbourhood, Buenos Ayres September 19th 1863.
