San Juan Silver Mines.

The latest accounts from San Juan are very encouraging. Messrs Klappack and Hilario, last month, entered into some mining speculations which promised to turn out most successful.

Mr. Rickard has so far fully succeeded in his efforts, and calculates on having all the works completed by the close of the present year.

Major Rickard manfully stepped forward to the rescue, and offered to lend thirty thousand dollars to save the credit of the Co. His lively, however, advised him rather to buy up the shares held at that province.

Attention can be offered to us just an alternative. New discoveries of rich ores are made daily, and all the stories of the mining riches of San Juan will soon be shown to fall far short of the brilliant reality.

The country is at present very quiet, and Gov. Sarriento's departure does not seem to have caused any motive for disorder.

Nothing particularly new occurred in town yesterday—the gentlemen are all preparing for the holidays, the ladies for the ball, which we hear will be on the most magnificent style.

Great News for the Camp.

Gov. Saavedra and Sr. Patrick. Our friends, fellow-countrymen and lovers will learn with undisguised pleasure that his Excellency, Don Mariano Saavedra, the Governor of this Province, is at last beginning to prove himself a chip of the old block.

The locality of the new station has, we believe, been well selected, on a slight eminence and surrounded by the most fertile soil.

The name of the new town which is to be built at this station smacks little of Republicanism, and we regret that no gifted historian as M. Dominguez could select no better appellation for the embryo town than that of some Argentine general whose fame and reputation is contemptibly low.

It is perfectly immaterial to us whether the name of the new town be Cocio, he has paid a compliment to our fellow countrymen and we appreciate it. Yesterday we published a letter which notified that he was the principal

instrument in effecting peace amongst the factions—to-day we certify to his anxiety to advance the country in building new towns and erecting temples of worship to the Almighty.

We have no doubt if he had ministers who, instead of intruding their opinions, would faithfully execute his orders, many of the necessary reforms in the camp, which we daily allude to, would be brought about.

The new town we understand will be built partly upon the lands of Doña Manuela Matson and partly on small pieces of government land.

There are many useful reforms necessary in the camp, and we frankly believe that if some of our subscribers would call his Excellency's attention to the matter, he would at once introduce measures of reform.

Nothing particularly new occurred in town yesterday—the gentlemen are all preparing for the holidays, the ladies for the ball, which we hear will be on the most magnificent style.

Editorial Table.

Mr. Lucio Manuelli's drama, "Atra Gull," came off last night, and we believe was very well received.

Mr. Balcarac has by latest advices arrived in London, and presented his credentials as Argentine Minister Plenipotentiary to the Court of St. James.

Our colleague the "Nation Argentina" in speaking of the new telegraphic wires arrived for Paraguay, asks what use are such things in Paraguay.

Highway robberies are now becoming as frequent in this city as garrotting was in London last year.

When a fellow came up on him, and insinuated the propriety of his immediately shutting up, or if he wanted to go, to shut out 'down with the Co.," our friend, if ever we saw the right stamp, agreed, but told the fellow he could only sing in English, and thereupon struck up an impromptu, to the tune of "Alo! Alo!"

which we noticed some time ago, have proved good speculations. It appears that the beef preserved in Salmuera has not met with similar success.

There is the greatest anxiety at present, amongst all parties, to invest in provincial lands. This is a beginning of what Mr. Wheelwright's enterprise will ultimately effect.

We are happy to advise our readers, that one of the lost pilots, Mr. McDermott, has at last turned up.

A farmer from Silito informs us, that in that district the camps have been suffering from want of rain.

At the meeting of the Club del Pueblo on Wednesday night there were over 2,000 people present.

Several companies are projected for the May holidays, which it is thought will last from Sunday 22nd to Thursday 26th, both inclusive.

The new vessel is uninteresting, except that the rebels captured Tacuarembó, and took to the sierras.

The 'Pueblo' states that the Cocio Club has rejected, by 1600 votes to 100, the proposed arrangement between the factions.

Mrs. Curtis gave her musical soiree on Tuesday evening, at M. Guion's, before a select company, with the most signal success.

The execution of Beethoven's Sonata was so brilliant as to merit the warm approval of several German pianists who were present.

The flock was embarged, the media were sent into town to prison, and a criminal suit commenced, which was decided only last Monday.

There has been a prosecution for sheep-stealing going on for some time past in our courts against two men named Agustín Gomez and José Borges.

It appears that some time last year a number of sheep were missing out of the neighbours' flocks, and people could not find out what had become of them.

English Heroism. A poor native saved. We had occasion to call our readers' attention to the heroic conduct of an English clerk in Belgrano some few weeks ago.

On last Sunday night, the English gentleman in question was coming up Calle Defensa, when almost in front of Lazana's quinta he heard a scuffle, and cries from some unfortunate human being, who was apparently struggling with an assassin.

 The immense advantages of Accounts Current are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place the most confidence.  
 The Bank of Mau & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depository for their savings.  
 The same deposited in that most important institution are daily increasing and already reach a very large amount.  
 These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, Artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, instead of old age, instead of spending them in the immoral gambling, in lotteries and other frivolities.  
 The Bank of Mau & Co. of this city following the example of their Buenos Ayres September 19th 1893.
