THE BUDGET ANALYSED.

Nine millions of silver dollars may be considered a small revenue for a country twenty times the extent of England...

Our customs returns show: imports, 3 1/2 millions pounds sterling; exports two millions pounds sterling.

puts down nothing for cotton planting, although it would have been worth while to vote 10,000 dols. for this object.

There is nothing to find fault with in Dr. Elizalde's expenses, the total for the Foreign Office being only 89,000 dols.

The Finance Office shows but two large items, 800,000 dols. for the debt recently contracted with the merchants of the city...

On Monday next all the proposals sent in for repairing the Steamer Menoy will be opened.

On the second section there are seven kilometers finished, which makes about fourteen English miles of road now ready for the rails.

On Thursday the annual distribution of prizes to the children of the State Schools took place at Colon.

THE BARRACONAS. There was a run on the Standard yesterday. Every paper we had in the office was sold.

On Tuesday evening, about a quarter past ten, Mr. Watson station master of the Plaza Mayo, Northern Railway, went to the station to see that the porter had extinguished the 500 Chinese lanterns illuminated in honor of the festival of Argentine Independence.

On Monday next all the proposals sent in for repairing the Steamer Menoy will be opened.

The greatest anxiety exists throughout town at the non arrival of a distinguished character.

Things have changed wonderfully of late in Entre Rios, as we hear no more fuss about politics.

On Montevideo's last week, the ceremony of admitting an English Protestant gentleman, into the Roman Catholic Church, took place with unusual splendor.

The French Packet is due to day. The greatest anxiety is felt to know her news.

The Governor's message has been at last published. We shall comment on it in a day or two.

Our attention was attracted by a notice in one of the native papers the other day from a waterman, who purports retiring from his liquid avocation.

It affords us no small pleasure to hear that the works of this Railway are progressing with the greatest rapidity.

Possibly, to-day we may hear, as she is due. The cause, however, of the Spanish Admiral seizing the Chincha Islands, it appears, was not what is alleged.

We regret that our subscribers allowed the property of the late Wm. Young of Quilmes to be sold for a mere trifle to an economical milkman.

We hear that the Western Railway has just received two splendid locomotives of extra power.

Captain Bruce has kindly taken home for us some samples of Paraguayan and Corrientes cotton to the Cotton Supply Association in Manchester.

The only important news we hear from the provinces is, that great fears are entertained of a riot in Salta.

The Governor's message has been at last published. We shall comment on it in a day or two.

Our attention was attracted by a notice in one of the native papers the other day from a waterman, who purports retiring from his liquid avocation.

On the first section of the road there are fourteen kilometers, six hundred metres finished and ready for the rails.

On the second section there are seven kilometers finished, which makes about fourteen English miles of road now ready for the rails.

During the month there were employed daily on the line 600 men on the first section, and 550 men on the second section, making in all 1210 men employed.

The British barque Victoria, which arrived the other day, is, we believe, the first vessel which ever arrived in South America, consigned to Messrs. Peto & Betts.

On Thursday the annual distribution of prizes to the children of the State Schools took place at Colon.

At half past three o'clock this interesting ceremony concluded. It was decidedly the most fashionable and recherché affair ever took place in this city.

On Tuesday evening, about a quarter past ten, Mr. Watson station master of the Plaza Mayo, Northern Railway, went to the station to see that the porter had extinguished the 500 Chinese lanterns illuminated in honor of the festival of Argentine Independence.

The scene of the occurrence is 3.0 yards from the Policia, but there were neither Police nor Serenos to rescue Mr. Watson in the struggle with his intended murderers.

Under this title Mr. Daniel Maxwell, the popular proprietor of the Commercial Rooms, has published in the 'Nacion Argentina' some very important data respecting the monstrous subdivision of property going on in the camp.

RURAL ECONOMY.

'Rural Economy,' which not only displays a thorough knowledge of the allicting state of small tenures in the camp, but also a praiseworthy anxiety on his part to reform the abuse.

NEWS FROM THE SOUTH.

The camps near the Guardia del Monte are said to be covered with water. The lagunas are overflowing and the arroyos almost impassable.

THE REV. CANON FAHEY.

If the President of this Republic wished to pay a flattering compliment to all classes of Irish and English residents, he could not have devised anything more graceful than the dignity of Canon bestowed on the above-named clergyman.

SAVINGS BANK BANK MAU & CO

Buenos Ayres.
 The immense advantages of Accounts Current are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few merchants who fail to keep one at the bank in which they place the most confidence.
 The Bank of Mau & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depositary for their savings.
 The sums deposited in that most important institution are daily increasing and already reach a very large amount.
 These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, workmen & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness or old age, instead of spending them in the immoral gambling, in lotteries and other frivolities.
 The Bank of Mau & Co. of this city following the example of their Buenos Ayres September 19th 1893. p. p. Mau & Co. **WILLIAM LESLEE.**

CONDITIONS.
 1st. The Bank receives at interest any sum from Twenty five dollars currency or one silver dollar upwards.
 2nd. The interest allowed is six per cent [6 p c] per annum which is liquidated every six months.
 3rd. The depositor can at any time retire the whole or part of the money deposited.
 4th. Once the amount deposited exceeds Twenty five thousand dollars currency or one thousand dollars silver the depositor if he wishes can open an account current according to the rules established by the Bank.
 5th. In case the depositor loses his Pass Book it can be replaced by another on paying twelve dollars currency, and advertising the loss in the public newspapers.
