In yesterday's paper...

It was already known to the public, and it was anticipated the shareholders in this city would make a vigorous resistance before surrendering an enterprise...

But there are some points in the history of this Company both amusing and unprecedented. When the glowing accounts of some American sailors were published in this paper, three years ago...

The little steamer Corrientes seems to be taking all the trade of the river. We see that in her last trip she took down 122 passengers.

Mr. Pongercarr's English Grammar School in Barracas is at last finished. It is, without doubt, one of the finest and most beautiful educational establishments in the country...

Our colleague, the 'Nation,' published yesterday a very severe letter from Oliverio to Mr. Posadas. In the same issue he publishes the letter in extenso, as there are some bitter truths and scathing reflections on the monstrous extravagance going on in a country where the manufactures of which are lucifer matches.

The meeting on Tuesday was the sixteenth of the shareholders in this city are placed. If they accept Major Rickard's offer it must be at a risk. To go to law with him is to endanger great expenses to the company.

EDITORS TABLE

To know what is 'going on at home, it is often necessary to go abroad' and, verily, there is truth in the adage, for oftentimes we pick up more news in the Montevideo papers about Buenos Ayres, than in the morning papers of this city.

The 'Times' remarks that, reckoned by time, this short campaign has cost the North 6000 men per day; by distance they have paid for their advance at the rate of 2000 men for every mile...

From the same source, we learn that Don Mariano Saevedra has resigned, and that the only difficulty in the way is that the Cruces have no confidence in the President of the Senate.

Peaceable citizens were dismayed yesterday, by the news which the Fairy brought from Montevideo, that peace was now utterly out of the question, as the Government and she could not come to terms.

The English people in Montevideo are ahead of us here. Some dramatic reader has started a Shakespearean reading entertainment at the Hotel Ypporé.

The Argentine war steamer Hercules has been rented to Sr. Lafone. This steamer, a vessel well put on the Uruguay line.

The robbery in the hat shop the other day it appears was rather leveller than at first believed; the robbers took off with them some ten thousand worth of hats and cravats.

NEWS FROM EUROPE.

The Corps Législatif was closed on Saturday, when the President, the Duke de Morny, delivered a speech strongly advocating moderation and justice in the expression of opinion as the most certain mode of serving the cause of liberty.

From Spottsylvania, where Gen Lee is posted, to Richmond, there are nearly 50 miles of the same difficult ground to pass through.

The New York correspondent of the 'Daily News' says Grant's losses during the eight days' fighting here now been ascertained, and they number between 20,000 and 25,000 in killed, wounded, and missing.

The results of the voting in the Principality upon the new Constitution proposed by Prince Conza has been the adoption of that constitution by 713,245 votes against 57 opposed to it.

Towards half past three, after the fight had lasted nearly two hours, the fire gradually subsided, and the smoke was seen to be on fire, and smoke was observed issuing from the gun ports, while her fire perceptibly slackened.

By four p.m. the Schwarzenberg's whole fire rigging, from below the top deck upwards, was in flames, and she seemed to abandon the engagement.

The English frigate Aurora was riding at anchor off the south of Heilgoland. Our squadron stood east towards the entrance, and left for the north at 2.30 next morning in consequence of a despatch from the Ministry of Marine.

An American View of the House

The House of Commons is a most surprising place to an American. Legislative assemblies being associated in his mind with the vast and superb amphitheatres in which the national business is transacted at Washington, he is struck with astonishment when he enters into the room where the Parliament of the United Kingdom assembles.
